Hi Rob!

While we didn't take any "minutes" at this meeting, I did take some notes sufficient for a summary of what was discussed and agreed upon. We should be able to get this to you in time for the November 9 Council meeting. As you know, Rick Parkin and President Standifer agreed to additional consultation meetings as appropriate, at key decision points where there are opportunities for meaningful input and dialogue. And we are working on a fact sheet summarizing EPA's roles and responsibilities in the project, and at what points within the processes we believe meaningful consultation can occur, as well as getting an MOU development workgroup and materials together. Although this has taken longer than anticipated, we do expect to complete the fact sheet soon, and to be able to bring you into the workgroup and to make substantial progress in November. Please feel free to give me a call if you have any questions. I hope you're well, and I look forward to talking with you again soon.

Sincerely,

Katherine Brown, M.S.
